

*Are we nearly there yet?*

## *Car bingo*

*It's bingo, captain – but not as we know it.  
Everyone can play bingo. It's simple to grasp and fun to  
play. And so here's a car-friendly version.*

Out go the pens, paper and giant rolling ball machine. In come good old-fashioned luck and judgement.

Everyone in the car picks a colour and then counts the number of cars of their colour that drive past. First person to spot 10 cars of their colour and shout BINGO wins.

### *In a pickle?*
