

Caravan & Camping signage

Getting the visibility you deserve

The AA is one of the UK's most recognised brands, largely due to its reputation, services and high profile advertising. Millions of people throughout the UK and Ireland depend upon the AA for help and guidance, not least when choosing a caravan or camping park.

The AA brand and pennant symbols are immediately identified as a guarantee of quality, and signify that industry standards have been met. In order to promote your AA pennant rating and status as an AA recognised park, the AA offers a choice of nationally recognised signage.

These signs display the AA logo, pennant rating and symbols to indicate which type of camping units your park accepts. They are not only useful in acting as a signpost for your pre-booked visitors, but are eye-catching to passing holiday makers seeking overnight accommodation.

All signs (with the exception of plaques) are manufactured in aluminium with a metal black plate and fixing bracket. Fitting instructions, together with templates where necessary, are supplied. Pole/post fittings can be provided; prices on application, dependent on specific requirements. Every attempt has been made in the design and manufacture of the signs to use readily available components (such as lighting tubes, chokes and starters). The AA reserves the right to alter the specifications of all signs.
