Savings

What you see is what you get with our Fixed Rate Savings Accounts.

It's great knowing exactly where you stand and that is why our Fixed Rate Savings Accounts are a great way to save. You can sit back, relax and watch your savings grow, knowing exactly how much interest you will receive over the fixed term.

AA Fixed Rate Savings Accounts

Open an account with anything from £500 to £5 million per investor (depending on the account selected; please see the Special Terms and Conditions that are enclosed with your application letter for the account) and receive a fixed rate of interest over a set term. These types of accounts are limited issues, which means there is only a certain amount of money that can be invested. When this limit is reached the issue will close. So we urge you to invest before they become fully subscribed. Additional deposits can be made into the account, but only while the issue remains open.

Access is not permitted for Fixed Rate Savings Accounts which are less than 2 years, therefore you should only invest if you will not need to withdraw any of your money during the term. For 2 years and above, withdrawals are allowed subject to 90 days loss of interest on the amount withdrawn.

Making the most of your money

Your interest is calculated daily and can be paid to you as a regular monthly income or annually/at maturity (depending on the account selected). You can also decide if you'd like interest paid into your Fixed Rate Savings Account, added to an AA Telephone or Internet Savings Account or paid into another bank account.

Your savings and tax

Interest will be paid net after income tax (currently 20%) has been deducted. If you are a higher rate tax payer, you may have a further amount to pay. If we deduct more tax than you have to pay this can be reclaimed from HMRC. If you are entitled to have your interest paid without the deduction of tax, please contact the AA Savings Team on **0845 603 6302**. You'll need to have your National Insurance number to hand when you call.

So if you're looking for an account that offers a guaranteed return without having to worry about how interest rates may change, welcome to the AA Fixed Rate Savings Accounts.
