## 11.6 How and when can you withdraw your consent?

Where we're relying upon your consent to process personal data, you can withdraw this at any time by contacting us using the contact details in your terms and conditions or going to the Contact Us section of our website.

### **11.7 Is your personal information transferred outside the UK or the EEA?**

We're based in the UK, but sometimes your personal information may be transferred outside the European Economic Area. If we do so, we'll make sure that suitable safeguards are in place, for example by using approved contractual agreements, unless certain exceptions apply.

### **11.8 How do we share your information with credit reference agencies?**

To process your application, we'll perform credit and identity checks on you with one or more credit reference agencies (**CRAs**). To do this, we'll supply your personal information to CRAs and they will give us information about you. This will include information from your credit application and about your financial situation and financial history. CRAs will supply to us both public (including the electoral register) and shared credit, financial situation and financial history information and fraud prevention information.

We'll use this information to:

- Assess your creditworthiness and whether you can afford to take the product;
- Verify the accuracy of the data you have provided to us;
- Prevent criminal activity, fraud and money laundering;
- Manage your account(s);
- Assess payment methods available to you;
- Trace and recover debts; and
- Make sure any offers provided to you are appropriate to your circumstances.

**The identities of the CRAs, their role as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail on our website.**

When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders.

If you tell us that you have a spouse or financial associate, we'll link your records together, so you should make sure you discuss this with them, and share with them this information, before lodging the application. CRAs will also link your records together and these links will remain on your and their files until such time as you or your partner successfully files for a disassociation with the CRAs to break that link.

### **11.9 How do we share your information with Fraud Prevention Agencies?**

This is explained in a separate leaflet available on our website or by using the contact details in your terms and conditions documents.

### **11.10 What should you do if your personal information changes?**

You should tell us so that we can update our records. The contact details for this purpose are in your terms and conditions documents. We'll then update your records if we can.

### **11.11 Do you have to provide your personal information to us?**

We're unable to provide you with our products or services if you do not provide certain information to us. In cases where providing some personal information is optional, we'll make this clear.

### **11.12 Do we do any monitoring involving processing of your personal information?**

In this section, monitoring means: any listening to, recording of, viewing of, intercepting of, or taking and keeping records (as the case may be) of calls, email, text messages, social media messages, in person face to face meetings and other communications.

We may monitor where permitted by law and we'll do this where the law requires it, or to comply with regulatory rules, to prevent or detect crime, in the interests of protecting the security of our communications systems and procedures, and for quality control and staff training purposes. This information may be shared for the purposes described above

### 11.13 What about other automated decision making?

We sometimes make decisions about you using only technology, where none of our employees or any other individuals have been involved. For instance, we may do this to decide: whether to offer you a product or service, to determine the risk of doing so, the price we will offer, whether to offer you credit, what terms and conditions to offer you, assess insurance and business risks, or to assess what payment methods we can offer you. We may also do this using data from other parts of the AA, including product or services details (including usage of them or claims made) and telematics data captured including on your vehicle, driving behaviour and location information.

We'll do this where it is necessary for entering into or performing the relevant contract, is authorised by laws that apply to us, or is based on your explicit consent.

### 11.14 For how long is your personal information retained by us?

Unless we explain otherwise to you, we'll hold your personal information based on the following criteria:

- For as long as we have reasonable business needs, such as managing our relationship with you and managing our operations;
- For as long as we provide goods and/or services to you and then for as long as someone could bring a claim against us; and/or
- Retention periods in line with legal and regulatory requirements or guidance.

### 11.15 What are your rights under data protection laws?

Here is a list of the rights that all individuals have under data protection laws. They don't apply in all circumstances. If you wish to use any of them, we'll explain at that time if they are engaged or not. The right of data portability is only relevant from May 2018.
