## HOW IT WORKS: In 10 days or less

-  1 Send us your latest card processing statement
-  2 We'll submit this to our supplier to obtain a price comparison for you
-  3 We'll then present you with the price offered along with the necessary paperwork should you decide to proceed
-  4 We'll take your completed paperwork and communicate with the supplier
-  5 You'll then receive an email from our supplier requiring an e-signature to finalise your contract
-  6 The terminal is then posted to you with set-up and operational instructions
-  7 We follow up with a courtesy call to ensure you are trading smoothly
